Dr. G. F. Engelmann
Talks on Mexico at
Women's Club Meet

Dr. G. F. Engelmann, pastor of the United Presbyterian church, gave an interesting talk on Mexico last Thursday evening at the Frankfort Women's club. Hand blown blue glass pottery and woven material brought from Mexico was displayed by Mrs. Engelmann.

Mrs. Arthur Lambrecht, program chairman, introduced the Engelmanns. Guests attending were Mrs. Ada Tuch of Chicago, Mrs. Floyd Lankenau of Dearborn, Mich., Mrs. Marie Krohn of Joliet, Mrs. Harold Clark, Miss Florence Hollstein, Mrs. Robert Schweizer, Mrs. James Burke, Miss Tillie Wischover and Mrs. Joseph Petuchov.

New members were welcomed by Mrs. Herbert Folker, president. They are, Mrs. Donald Carroll, Mrs. Herbert Bixler, Mrs. Gwen Ferrell and Mrs. Al Hochberger. Miss Lois Bettenhausen was appointed health chairman.

On Nov. 3 the group is to insert Christmas seals in envelopes. This will be done at the Joliet Red Cross headquarters.

Contributions will be made to the March of Dimes, Community Chest and the Red Cross Cancer Fund.

Since the last meeting, some clothing has been sent to needy Korean children. A report was made on this. Charles Lewin, who contributed shoes for this project, is to receive a vote of thanks.

As a means of raising funds for their activities, Girl Scouts will call at homes selling cakes, Christmas cards and gift wrappings. Mrs. LeRoy Hansen announced.

A Mexican motif prevailed in the decorations. Bronze chrysanthemums and brown autumn leaves were arranged in a bronze pottery container which had been placed in the center of the refreshment table, which was laid with a Mexican cloth. At each end of the table were miniature sombreros, travel folders and yellow tapers in copper holders. To complete the Mexican motif were large travel folders which decorated the walls.

Coffee was served in fiesta-ware by Mrs. Albert Krusemark. Other hostesses were Mrs. Stanley Johnson, chairman, Mrs. LeRoy Mager, Mrs. Lambrecht, Mrs. Con Weiriga and Mrs. Fred Kohlhausen.

MRS. SASS LEADS IN RACE FOR
GRAND PRIZE, 'A NEW FORD'Ten Candidates
Enter Field; Good
Reception Reported

The scramble for votes is on, in the \$3000.00 Semmler Newspaper subscription campaign for added circulation.

All present indications are that a lively contest is in the making, as 10 campaign workers vie for the "New Ford" plus \$500, \$200, \$100, and \$50, and 20 per cent commissions on all subscription receipts.

The first six positions in the campaign are currently running close, with Mrs. Virginia Sass leading the procession by a narrow margin. Mrs. Katharine Heisner, Mrs. E. Mrosek, Mrs. Charles Hostert and Mrs. Anton Benson are close on her heels.

Others making strong bids for the top prizes are Mrs. Miriam Minion, Mrs. Mary Ritchey and Mrs. Florence Crouse.

Other candidates in the campaign list, still with the opportunity of overtaking the leaders, are Mrs. Creta Keuch and Mrs. E. Erdmann.

"The Semmler Newspapers

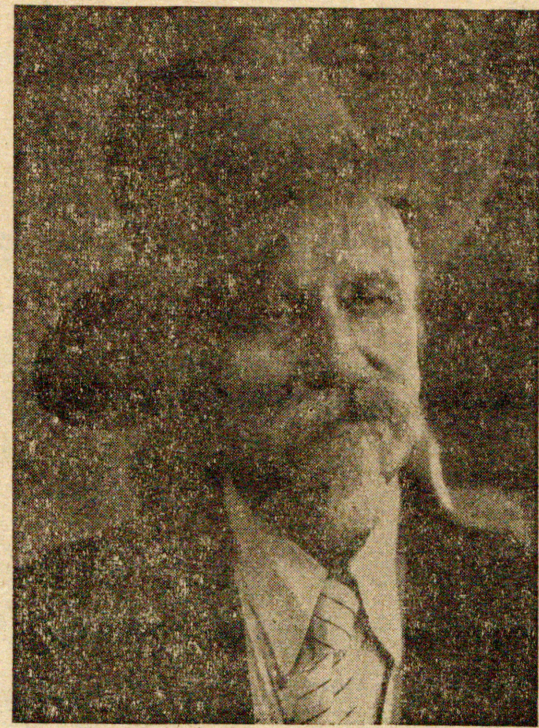

are represented in this circulation campaign by a fine group of hard-working people." Manager Marvin Smith commented Tuesday. "A fine reception is being given both the workers and the newspaper which they are representing, through out the entire trade territory," he said.

The big goal of the candidates this week is to bring in as many \$200.00 club subscriptions as possible by next Monday evening. Every such club will be worth 300,000 extra votes until 9 p.m., Nov. 2.

Contestants are searching out the prospects for new subscribers too, viewing the important vote bonuses given for each new name added to the mailing list.

Subscriptions, new or renewal, paid to the favorite candidates by next Monday, will help most in pushing the candidate toward the big grand prize. Subscription payments may be made either to the candidates themselves, or at the News-Bulletin office at Mokena where a record will be made of the vote credits designated by subscribers to their favorite contestants.

Death Claims Col. Don C. Hall

Another beloved and colorful citizen of Mokena, Col. Don C. Hall, 86, quietly passed away in his sleep Saturday. Since the death of his wife in 1951 he has made his home with his son, Don C. Jr., in Mississippi City, Miss., but he returned to this area in June, and lived at the Lincoln Nursing Home on Cass Street, Joliet, until his death. He had not been ill, and was expecting to return to his southern home this week.

Residents of Mokena for the past many years are well acquainted with Col. Hall and his active life. He was born March 6, 1867 at Eau Claire, Portage county, Wis. Later he moved to Stevens Point, Wis. with his parents, William and Anna Hall. His mother had been a school teacher, and he received his education, as did all the pioneers in that state, in the rugged school of experience. From Wisconsin the family moved to the Dakotas, where they spent a number of years, and later returned to Wisconsin.

Following his early schooling he took up the occupation and study of bookkeeping. However in a few years the theatrical life made a strong appeal to him which profession he followed ever since. He was famed for his Shakespearean roles.

On January 18, 1898, he was united in marriage to Miss Clara Alice Crocker, of Crocker's Landing, Wis. Together they followed the theatrical business and played in the larger theaters of the leading cities of the United States. As their family grew up they became members of the Don C. Hall Co., and under his direction presented many outstanding classic plays.

During the 1893 World's Fair in Chicago they were playing in a theater on Halsted street, the principal play at that time being "Rudolph the Cripple." During these many years they lived and traveled in theatrical coach es. Their three children were born en route.

Col. Hall and his beloved wife who celebrated their 64th wedding anniversary, were active during the Century of Progress fairs in Chicago in 1933 and 1934 where they played in the "Days of '49" exhibit. Col. Hall was the mayor of "Gold Gulch" in that exhibit. They also took part in both the recent railroad fairs, and attended the San Francisco and New York World's Fairs, and the Texas Centennial in 1936.

They were both well known for their travels from coast to coast by way of hitch hiking. There was an interim in the theatrical business when Mr. Hall entered politics, and in 1913 he was elected to the state legislature from Portage county, Wis. He held a position on the committee on taxation in the Lower House.

He was fraternally very prominent, having attained the 32nd degree in the Scottish Rite Masons, belonged to the Independent Order of Odd Fellows, the Knights of Pythias, Order of Red Men, the Benevolent Order of Elks and the Fraternal Order of Eagles. He was a staunch Republican all his life, and while living in Mokena was an unsuccessful candidate for the state senate.

Col. Hall was an advocate and worker for the hard roads projects in Mokena and Will county and took an active part in the Wolf Road campaign.

The family came to Mokena in 1923, where they lived since except for the short time spent in the warmer climate.

Col. Hall was a man of high intellect and kindly disposition. He is listed in the "Who's Who" book of Wisconsin. They have always been regarded as a truly lovable and loyal couple, an inspiration to all who knew them. They were never parted

'NEED KINDNESS
GOD IN HOME.'
REV. CONTOIS

"Why did I do it?" "There will be committed on 1953 an estimated 2,400,000 major crimes in America; almost double the rate of 1944. The younger generation is responsible for 50 percent of these."

Rev. Arthur Contois, pastor of the Calvary Baptist church in Lincoln Estates, last Sunday preached on his experiences of a recent visit to the Cook county jail, a compelling message for youth and parents of today.

He based his comparison on great crimes in the Scriptures and quoting the frequency statistics of 1953, applied the lessons of present day crime as we would those of ancient time.

"The younger generation is responsible for 50 per cent of major crimes committed," said the Rev. Contois. "This should indicate that something is radically wrong."

Seven U. S. vice presidents have succeeded to the presidency because of vacancy in office.

until death took Mrs. Hall two years ago.

Surviving are two sons, Don C. Jr. of Mississippi City and Walter, of Milwaukee, and one daughter, Inez Olive Lyons, also of Mississippi. 10 grandchildren, 13 great grand children and one great grandchild.

The body was removed to the Hirsch chapel in Tinley Park where Masonic services were held at 8 p.m. Tuesday by the Mt. Joliet Lodge. Funeral services were held Wednesday afternoon at two o'clock in the chapel, with Rev. William Riemann, of Mokena, officiating. Cremation followed.

FORMER
MOKENA MAN
DIES IN WIS.

Mokena relatives received word Monday of the death of Mr. Milton Kropp, who died Sunday night in a hospital at Hayward, Wis. at the age of 56. Mr. and Mrs. Kropp, who lived at Cable, Wis., were on their weekly shopping trip at Hayward when he was taken ill. A passing motorist stopped and took him to the hospital, where he remained a week before death overtook him.

Born in Mokena January 14, 1897, he was the son of the late Mr. and Mrs. Emil Kropp. He was married to Miss Pauline Kreis in 1922, and later became afflicted with a slight paralysis which gradually became worse and affected his vision, which finally resulted in total blindness. His wife has given him loving care and attention all these years. In 1935 he moved with his family to Cable.

Surviving, besides his wife, is a daughter Marlys, a stewardess on the Transcontinental Air Lines, who lives at home; a son Robert, of Minneapolis, one grandchild, and two brothers, Roy of Mokena and Carl of Joliet. Funeral services will be held this afternoon Thursday, October 29, in the church at Cable, with burial in Hayward.

BIG HALLOWE'EN
PARTY PLANNED
FOR MOKENA

The Hallowe'en program initiated by the VFW in 1950, and conducted jointly with the Amvets since 1951, is to be enlarged by about 25 this year. The program, which was given support by the Mokena Business Men's Association in 1952, has received increased aid from that organization this year, who have contributed substantial amounts to both the Amvets and the VFW towards a bigger and better Hallowe'en party.

The Mokena Business Men's Association believe that this program is a great service to the community, not merely in helping to prevent the commission of nuisance pranks and some damage to property by mis-taught and high spirited youngsters, but in teaching consideration of other people, respect for private property, fun without mischief, and a sense of personal responsibility for community welfare.

We are aware that the "American Way of Life" is not a mere motto, but is the way Americans live. Let us help to make the American way of living the better way of living, the more civilized way.

All children are invited to attend this Hallowe'en party. Adequate supervision of all activities is assured.

Last year's party was a big success. Help make this one even better. Cooperation of parents to that end is necessary.

Mokena business men are proud of this program and what it means and can mean, and gladly contribute to its support. —Merle E. Byers, MBMA Delegate.

PUTS ON FOOD,
CLOTHES DRIVE
FOR NEEDY

The Calvary Baptist church, Lincoln Estates, is launching a food and clothing drive which are received will be donated to the Freedom Old Peoples Home 111th and Bell ave., Chicago, to replenish the shelves of their pantry. This is an annual project for the Calvary Baptist church, at the termination of which the canned goods, cookies and what ever foodstuffs are donated are turned over to the Old Peoples Home as part of a worship service.

Clothing which has been worn but which has not been worn out will be greatly appreciated by the less fortunate ones who are served by the various missions in Chicago. Any clothing received during this drive will be donated to the Pacific Garden Mission, 640 S. State street, and will then be given to those who will benefit from the clothing. The clothing is given to men and women who need it in order to apply for work, or to those who cannot work to buy their own. Many widows who have children have found the Pacific Garden mission a great help in clothing the children.

When the clothing drive ends Nov. 23, in the evening, the Calvary Baptist church will hold a service featuring the newest movie production from the Pacific Garden Mission, entitled "The Street."

Donation of clothing or goods can be made during any service at the Calvary Baptist church, or to the pastor, who lives next door to the church, or by calling 4426. Pastor Contois will pick up the donation.

Governor William G. Stratton will be one of the featured speakers at the annual meeting of the Illinois Agricultural Association November 16-19 in the Sherman hotel, Chicago. This was announced today by IAA president Charles B. Shuman.

Mokena Water To be
Shut Off at Times
Friday and Saturday

The Mokena village board wishes to notify all residents that the water will be shut off Friday and Saturday, at intervals during the day, to make repairs on the water tower. Citizens are asked to bear this in mind, and not to be alarmed if they find the water shut off, for it is only a temporary measure.

John C. Calhoun is the only U. S. vice president who ever resigned.

An official residence is not provided for the U. S. vice president.

It was a happy occasion last Sunday at 2 p.m. when the cornerstone was laid for the new Lincoln-Way Community high school of district 210. About 300 people, including children, were present, and all were very much interested and proud of this occasion.

Rev. Arthur Contois, pastor of the Calvary Baptist church at Lincoln Estates gave the invocation. Mr. A. Hunter Chapman, superintendent of the school, was in charge of the program, and told of the progress of the school and the interest that those in the territory have had and are showing in it.

He introduced the following: Members of the Citizens Committee: George Bovee, Lester Brown, Mrs. Elizabeth Cappel, Vernon Hansen, Eugene Hinspeter, Mrs. Stanley Johnson, Mrs. Winsor Jones, Clarence Lauffer, Mrs. Iona Ruthenbeck, and Mrs. George Walker.

Board of Education: A. H. Krusemark, president; J. Earl Robinson, secretary; Lawrence Kohl, Lester Case, George Bovee, James A. Dixon and Raymond Reiter.

Elementary school principals: Mrs. Elizabeth Cappel, Mokena; Miss Viola Lankenau, Frankfort; Miss Anna McDonald, Manhattan, and John Oster, New Lenox.

He also introduced Mrs. Florence Pittman of Mokena, winner of the contest of naming the new school — "Lincoln-Way School."

Newspaper editors introduced were Mrs. Margaret Semmler, News-Bulletin and New Lenox Press; Robert Seely, Manhattan, American, and Mrs. Pittman, reporter for the Joliet Herald-News.

County superintendent of schools, Mr. Verne Crackel, complimented the people in this district for the interest they have taken in this school, and for what they have done to bring it into being. He said that this was only one of many other such school programs and buildings for this territory, naming Crete, Beecher, Peotone and Wilmington, and mentioned that this program of remodeling and building schools will continue for many years as many older schools are now in need of replacement.

The following poem, "The School Board in Action", written by him, he stated was his contribution to the cornerstone box:

This job is mostly volunteer. These men and women care. Enough about their schools each year. To face the problems there; They know that issues will arise.

That conflicts will ensue. That lazy folks will criticize. The job they try to do; Yet with a better school in mind, (A goal that must be won) The school board leaves mere talk behind.

And ACTS to get things done! Albert H. Krusemark, Frankfort, president of the school board, said that this school was a beautiful plant and is a means to an end, to better educate and equip our children when they are out of school. He drew special attention to the beautiful view that can be seen from the rear of the building, which is a long, low, wooded ridge, and which, on this occasion, was beautiful with autumn coloring. He stated that while the school

ically wrong in the homes of America that these children are not prepared to take their places in decent society.

"Thirty per cent of major crimes were committed by persons under 21," he said, "20 per cent by youngsters between 22 and 25. Sixty per cent of all repeat offenders committed their first crime before they were 25."

The Old Testament penalty of an eye for an eye, a tooth for a tooth has given way in a more complex life situation a more subjective means of judging penalties, said Rev. Contois. Today they are made by evaluating property and time, and relating this value to the crime, considering the motive, the criminal's record, mental aspects, attitude of the criminal, harm done to the victim, public opinion and newspaper treatment of the act.

John, a teen age boy and his two sisters leave an unfinished meal in their home, disturbed over the ordeal of seeing their parents in a severe argument, a frequent occurrence.

The girls find some boys to take them to the movies; the son goes to meet friends. A ride is suggested. Plans are made for a holdup. John has heard this talk before, but has never wanted to be involved.

The car pulls up to a tavern, and John, half-protesting, finds himself with gun in hand, pointing it at the barkeep. When there are signs of resistance, a nervous finger pulls the trigger. Horrified, John watches the men slump to the floor.

Outside a patrol car, suspicious of the getaway car, pulls alongside and John hears shots. As he stares at the gun in his hand, a heavy hand is laid on his shoulder. He tries to shoot, but the gun is taken from him. A thief-a murderer has been caught. In the prison van, in the tense office at police headquarters, the answers fade as a mist. Only the question remains.

"Why did I do it?"

"The greater portion of the blame belongs on the boy's parents. Though he paid with his soul and his life, they committed the crime. Said Rev. Contois: "Poverty and despair have led many into crimes as a necessity through association with wrong crowds. Many have a wrecked or distorted sense of values, caused by life experiences. Other causes are newspaper dramatization of the crime's execution, over emphasis of television, comics, movies, unwholesome games, and broken homes caused by divorce, disunity, carelessness or parents working."

"Pardon my pessimism, but we cannot do much for those who have been caught. We must not stop trying to help them, but if we always wait until a criminal blossoms we will not be guilty of treating the symptoms, never curing the disease. "The disease is the broken Godless home. The home must return to God. "J. Edgar Hoover has said that the number of crimes committed by people who have attended Sunday school is almost negligible compared to those committed by people who did not attend. The Sunday school is the greatest safeguard against crime. The teaching of the laws of God prepare them to obey the laws of society," Rev. Contois explained.

The disease is the home where children are those things which must be fed, clothed, schooled and baby-sat. The cure is for parents to realize that their little ones are hungry not for food, for all they eat, but for love and companionship. "Joe and Frank are serving sentences for wrecking a train. Frank's dad was a drinker; corrected the boy only with beatings and kickings. Both parents gave little or no supervision, and were disinterested in the school program. Before the train wreck Frank had been arrested for bike theft, shoplifting and burglary.

"In Joe's home both parents worked in spite of the father's good salary. They openly rejoiced that they did not bother with paternal supervision. The boys had the seeds of crime planted at home, and they bore early fruit. "Why did I do it?" no longer sounds in the ears of the prisoner, but the now explosive words of the negligent parent, "I don't have time just now." The disease occurs when the child is yet young, even in grade school. It is too late when he is older. Teachers, pastors, Sunday school teachers, scoutmasters and club leaders cannot prevent you from sowing the seeds of crime in your own home. They cannot influence beyond your influence," said Rev. Contois. "God will solve your problem if you will let God into your home while the children are young."

ords showed that human carelessness and bad driving habits were to blame for most of the fatalities.

Here are a few of the cases which are taken from inquest records:

A car with a flat tire stopped in the middle of the highway. A man sat in the back seat while waiting for the owner to return from a gas station with the repaired tire. It was early morning and still dark. A semi-trailer truck loomed out of the darkness, crashing into the standing auto and knocking it about 100 feet. The man in the back seat was killed.

In another case, three boys—all about 14 years old—were walking home after attending a Saturday afternoon movie. One boy used the sidewalk of an overpass to get across. The others ran down the embankment to Edens expressway. One ran completely across, dodging traffic. The other boy ran almost across, stopped, turned around, and attempted to run back. He was struck and killed by a car. Witnesses said the driver had

no chance to avoid hitting the boy.

Adults too were guilty of this pedestrian traffic violation. At least one case listed a 68 year old woman who was killed while trying to cross the busy highway on foot. Witnesses said she stepped right into the path of the car.

In a fourth case, a man stopped his car on the highway when a bird made a deposit on the windshield. A woman passenger got out to wipe it off. Another auto rammed their car from behind. The driver of the second car was killed. The others escaped serious injury.

In other cases a sailor driving north in a southbound lane rammed a truck head on. The sailor was killed.

Another such case was listed with one of the cars in a head-on collision going the wrong way in the same lane.

In one case, a truck driver stopped on the highway behind several cars that were waiting for a tow truck to pull a car out of a ditch. He already had placed flares on the road behind his

truck and was holding one flare when a motorist who kept coming rammed into the truck. The motorist was killed and his car demolished. This accident occurred last Christmas Eve.

In five cases, three of them in daylight hours, the motorists for some unknown reason went off the road and onto the center parkway. In each of these cases, the motorists went straight down the parkway in the middle of the highway and struck center piers of overpasses. And in each case, there were no witnesses; the cars were total wrecks, and the drivers were thrown out and killed. In one of these cases, the wrecked auto bounded off the supporting pier back onto the highway and landed on top of the driver.

Merchants Warned About Racketeers

The Cook County area is being worked by "coupon book" racketeers. One of the many victims was a gas station in Oak Lawn. He took on the deal and

was told that only 250 to 300 coupon books would be sold but the promoters actually sold over 2000 books. As three grease jobs were offered in each book, the gullible service station owner will have to grease 5000 more cars than he bargained for if purchasers of the books use all their coupons.

Another old racket with a new twist was successfully engineered in Michigan recently. A publisher there reports that four of his merchants were "hooked" to beware of these deals.

for \$39 each. A man persuaded merchants to have him photograph their stores. He agreed to have cuts made which would be used in newspaper promotion in a nearby town. That was the last they saw of him.

Checks were cashed in the banks in neighboring towns. They were endorsed "Blank Enterprise," with a signature it was difficult to decipher. It could be "M. Ambo, agent." Local merchants are warned

Pros and Cons of Edens Expressway

(CNS) Much publicity, mostly bad, has been given in recent months to traffic deaths on Edens expressway, a superhighway praised by experts as one of the most modern in the nation.

Arguments have been heard, contending that construction of the highway or its layout are to blame for many of the traffic fatalities, with victims including residents of all sections of Chicago, Skokie, Glenview, Kenilworth and Evanston.

But Thursday William J. Mortimer, superintendent of the county highway department, showed figures and case records that tend to disprove them.

For every 200 million miles that cars drive on the superhighway in 1952, there were 10 deaths. The nationwide average was 14 deaths. And the case rec-

At our last Post meeting Oct. 22, a new recruit was inducted as a new member.

Final arrangements were completed for the annual Halloween party for all the school children, to be held Friday evening, Oct. 30 at our VFW home.

This affair was inaugurated several years ago by the Wm. Martin Post, first to give the young folks of the community a wholesome, orderly opportunity to enjoy Halloween, and second one way to express the interest we have in the youngsters.

As the years have passed other organizations and individuals have aided us with their help and contributions, so that now this year the whole community is with us in putting this event over. We are very thankful for the splendid cooperation of all. All the youngsters are welcome to come and enjoy themselves.

The usual fish fry will be held this Friday evening and every Friday.

Don't forget folks, Saturday night, Oct. 31, the big Halloween Masquerade ball. Prizes will be awarded, so come and have some fun.

Since our last writing Com-

campaign were lit as a highlight of the birthday celebrations which were held throughout the county.

Republican County Chairman Edward F. Moore, explaining the significance and importance of the campaign, declared:

"It is appropriate that the candles which honor President Eisenhower become the symbols which remind citizens of their voting responsibilities.

"Certainly no election is more important to the individual citizen than a judicial election because it is our judges whose decisions affect most directly our homes, our businesses and our community. The November 3rd election is particularly important because the issue is a party issue—judicial reform. For more than two decades, the Democratic organization has controlled our courts and they have fought every effort to make them more efficient and economical and free from politics."

Tips on Touring

By Carol Lane

Women's Travel Authority

Car accessory manufacturers have a number of gadgets and gimmicks up their sleeves which are designed to make car travel safer, more convenient and more pleasant for today's motorists.

For car comfort, there's a handy electric shaver which plugs conveniently into the cigarette lighter.

If the man of the house dashes out too fast to get his morning shave, he can have it in the car while his wife drives him to the train or office. Are you

an inveterate car snacker? There's an easy-to-install car tray for handy auto eating. It also serves as a writing desk, a make-up table and a utility table for mothers traveling with infants.

If you've had a flat tire recently, you'll love the new "save-a-tire" gadget. It's a rubber tube which attaches to the flat tire and a second tire, thus transferring air from one tire to another. In case of a slow leak, this useful gadget eliminates the necessity of changing a tire.

Now that winter is approaching, are you concerned about driving on icy roads? If so, there's a new contraption designed to allay your worries. It's an electric road gritter which gives the driver safer traction on icy roads at the touch of a finger. This revolutionary new accessory will be on the market this autumn.

Whether you're looking for car gadgets to amuse, amaze or aid, you'll find them at your local car appliance shop.

More Convenient Storage
MASONITE "Peg-Board" panels and metal hangers, which take the headache out of home storage, may be obtained now from most building dealers. This happy combination of holes and hangers gives homemakers a versatile method of hanging a variety of things ranging from kitchen utensils to lawnmowers.

As illustrated, these strong, splinter-free panels have scores of perforations. Into them are slipped self-locking hangers and fixtures which hold the items to be stored. Of course, the hangers can be moved to whatever spot desired on the "Peg-Board" panel.

The panels, which come in standard sizes from two feet by three feet to four feet by eight, may be attached to an existing wall or directly to studs in new construction. The large panels may easily be cut with a cross-cut saw into the sizes wanted.

Here are a few of the uses for "Peg-Board" panels in the home—in the kitchen for hanging utensils, in the workshop for tools, in the utility closet for brooms, mops and dustpans, in the garage for garden equipment, in the sewing room for spools and scissors, in closets for hats, neckties and shoes, in the bedroom for a useful and decorative bed headboard, in a child's room for a wall, in the living quarters as a decorative divider.

Nov. 3 Judicial Election Vital to Cook Co. Citizens

Christian church, or is called All hallow's Eve.
 Centuries ago this day was considered the time of year in which both good and evil spirits roamed the earth; it was a night of ghosts and fairies; a night in which bonfires were built and futures were foretold and witches rode the sky on brooms.
 According to the ancient Celtic calendar, it was the last night of the year, and the evil souls went abroad, predicting what the new year held in store.
 The present day popular customs of masquerading and lighting of pumpkin-lanterns are the outcome of these ancient practices.
